CHICAGO BOY HAS NO SUPERIOR AS A BOXER.

WANTS THE LIGHTWEIGHT TITLE

Stockyards Terror Says He Will Make 133 Pounds Ringside for Wolgast. In Twenty Round Bout He Should Dutpoint the Champion.

By TOMMY CLARK. Packy McFarland, the Chicago whirlwind, has convincingly demonstrated in recent matches that he is the classiest boxer doing business among the smaller men. In fact, there is not one boy in the world today who has the remotest chance of outpointing him in a limited round battle at 135 pounds three hours before a battle.

If given an opportunity there is more than a chance that the Windy City glove wielder would be able to tack the haudle of world's champion lightweight after his name on his visiting cards provided he can do 133 bounds and retain his stamina. In fact, if McFarland were matched with Ad Wolgast, the present champion, at the above weight, for a twenty round fight the chances are that McFarland would be at least an even money choice in the betting if not an odds on favorite to relieve Wolgast of his title. It would be different if the men were so battle over the full derby or fortydve round.

McFarland is a wonderful boxer. Attell is really about the only man in the ring who is his equal when it comes to eleverness. McFarland today is faster than Attell in all probability, but Attell has four years more of experience as a fighter than Mc-Farland, the boss of the featherweight division.

This experience makes it possible for Attell to stand up with hard punchers and slip or block their leads.

Neither Wolgast nor Nelson is clever. like McFarland. Wolgast is as strong | as a young bull, and when he gets in close and starts working away it is almost impossible for a man to protect himself. But would McFarland let Wolgast get in close in a twenty round fight? McFarland's straight left jab. Sweeney, you big lvory head!" which he sometimes varies with a short left hook to the jaw, has a sting to it. His right hand used to have knockout power and probably has yet. but hardly against a man of Wolgast's strength. In a twenty round bout Mc-Farland would be the boy who can deliver the goods.

McFarland has been hankering after a battle with Wolgast ever since the

PACET M'VARLAND.

latter won the title from Nelson. The champion is ready to take on Packy at 133 pounds ringside. As McFarland said recently he was willing to make the required weight it is more than likely that the pair will be matched to meet in the near future.

At 135 pounds McFarland is the best boxer in America, but at 133 ringside he would not possess stamina enough to cope with Wolgast in a battle ever twenty rounds. McFarland is the tallest lightweight in the ring today and experiences considerable difficulty in reducing his weight.

He is only twenty-two years of age, and if he cannot make 133 ringside now he never will. He is growing right along and in a year will be a real weiterweight. The stockyards champion is unfortunate because he is between two weights.

#### \*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\* BOBBY WALLACE VINDI-CATES TY COBB, THE TERRIBLE.

"Ty Cobb is not such a villainous villain as he is painted." So declares Bobby Wallace, the new lender of the St. Louis Browns. Bobby admires "Tyrus the Terrible" and thinks the "Georgia Peach" demands the respect of every man who loves good baseball. Wallace has battled with Cobb since the latter broke into the bly league, and in all that time they have never clashed in a serious encounter.

Cobb spiked Wallace once. He inflicted a slight gash on the top of Roderlek's head. It was a mere scratch and the only wound inflicted on the Browns' manager by the star of Tigerland. Wallace believes that Cobb will play fair with all who play fair with him.

"The base runner has the right of way," declared Wallace recently, "and Cobb only demands that his rights be respected. If you get in the base line you are in danger of being cut down, for Cobb comes in determined to make the bag. If the baseman takes his proper position Cobb will never cut him."

Sure, Mike! the Philadelphia Americans, is not only a rival of Johnny Evers in fielding, hitting and base running, but also In jawing and in yelping at other per formers. The impression seems to prevail that Collins is a brilliant ball player, but a silent one. He is far from silent, being one of the noisiest ball players there are. His face always is open, and some of these days he will inhale a grounder if he isn't careful.

"Get a wiggle there! For the love of Mike, do you think you're playing ANGEMEIR checkers? Ah, say, if I had a fouryear-old baby and he couldn't stop that one I'd disown him. What! Thus doth Mr. Collins keep things stirred up vocally throughout a game. and the effect upon the Athletics is the same as produced by Johnny Evers' diamond tribes when he upbraids the Cubs. And maybe the Cubs didn't miss that flow of language in the world's series last fall! Zimmerman, who held down Evers' place at second, is no how!er. He went two weeks once without saying anything except "Please pass the salt," and what good is that sort of oratory on a ball field? And another thing might be added-Eddie is always jawing at the newspaper photographers. When this pic-

Still, it would be a good thing for Eddie to keep in mind that if it were not for the great amount of publicity given the game by the newspapers Mr. Collins would really be working hard for a living at a salary much less than he is receiving from the Philadelphia club for engaging in a game of sport.

Is the great Chicago Cub baseball machine in the process of disintegration? It looks that way to many followers of the game. When the team | was going good, all the athletes work- 15 ing together like clockwork, Chance's 4 club was the greatest in the baseball world. Three straight pennants were won and two world's championships. Then John Kling, known as the greatest catcher in baseball, dropped out for a year. Kling's absence apparently

started the shattering of a great club. The Cubs were whipped by Pittsburg the year Kling was out. The Cub players and followers of baseball everywhere held the opinion that Chicago would have fronted the Pirates in the pennent race had Kling been in EDDIE COLLINS, NOISY CHAP. | the game. The next year, last season, Kling returned to the Cubs, and the Cubs again won the National league pennant. That was sufficient proof for Few baseball fans know that Eddie the bugs. Didn't Kling come back the next season, and didn't the Cubs again fall into their winning stride? Can you doubt it? Everything went smoothly enough last season while the Cubs were walking away with the pennant. But when things went to the bad in the world's series with the Athletics trouble broke in the camp of the Cubs. Chance "cailed" Kling, and there were words between the manager and the catcher. Kling expected to be traded during the winter. He believed he would play much better ball with some other club Now that he is dissatisfied will he work with the Cubs in the same old way? Tinker is not pleased with his berth at short and was anxious to replace Steinfieldt at third, but Chance said no. The Cubs may come back and show all other ball clubs the way this season, but there'll be many an eye on the lookout for open breaks, showing dissension in the Cub ranks.

Dakota Disbarment Case.

Pierre, S. D., April 22.-The supreme court room was the center of attraction at the state house vesterday because of the hearing on the disbarment proceedings which have been rought against Attorney General Johnson. The whole case appears to hinge up-

on Johnson's connection with certain civil cases, having prosecuted as state's attorney the same parties in riminal actions The prosecution depends evidently more upon record evidence than oral testimony, as only a lew witnesses were called and they sought to connect Johnson with the conduct of a civil case which was conducted by T F. Auldrege, a clerk in the office of Johnson, and in which he was assisted by A. B. Fairbanks of Huron.

Fairbanks testified to his employment of Auldrege and that he had no conference whatever with Johnson in regard to the case, except to ask Johnson why he did not take part himself. with the reply he could not do so as he had been connected with the preliminary hearing in the criminal complaint Johnson was on the stand in his own defense most of the afternoon and several other witnesses were call ed by him.
